# Palliative Care for Frontline Workers

Online  
Winter 2022

STARTS JANUARY 26

This 15-hour certificate course is based on the identified learning needs of frontline care providers and is presented in a flexible manner.

Course is targeted to PSWs, RPNs, RNs, palliative care volunteers and other frontline healthcare providers.

Evaluations by those who have taken the program indicate an increased comfort level and confidence in providing a palliative approach to care.

## Content includes:

- Introduction to Palliative Care
- Setting the Stage
- Physiology of Dying
- Pain
- Working with Individuals & their Families
- Advance Care Planning
- Culture
- Grief & Bereavement
- Working within a Team
- Helping Relationships & Self Care

## Dates:

January 26, 28

February 09, 11, 23, 25

Wednesday & Friday afternoons, biweekly

**Time:** 2:00 pm - 4:30 pm (EDT)

**Format:** Online via Zoom

**Cost:** \$40 Subsidized fee for staff from Home and Community Care Support Services North West and Ministry of Health/Ontario Health funded organizations in **NW Ontario.**
